

In-domain real-world evaluation setup

	table-cleanup	three-bowl-stacking	melon-in-bowl	towel-folding	block-in-drawer-compartment	yellow-disc-insertion	three-block-stacking
Initial State							
Final State							
Example Prompt	Clean up the table	Pick up the pink bowl and place it on top of the green bowl. Then pick up the blue bowl and place it on top of the pink bowl.	Pick up the blue bowl, then place the melon into the bowl.	Fold the towel.	Open the drawer, pick up the red block, place it into the small compartment inside the drawer, and then close the drawer.	Insert the yellow disc into the yellow slot.	Stack the blue block on top of the red block, and then place the yellow block on top of the blue one.

Out-of-domain real-world evaluation setup

	target-object-in-basket	left-right-bowl-stacking	tool-on-towel	banana-on-towel
Scene				
	OOD factors: cluttered background, unseen objects, randomized targets	OOD factors: cluttered background, unseen objects, left-right reference	OOD factors: cluttered background, unseen small objects, distractors	OOD factors: dynamic lighting disturbance (disco light)
Prompt	Pattern: Put the [color] [object] into the basket. Example: Put the orange carrot into the basket.	Pick up the [right / left] bowl and place it on top of the [left / right] bowl.	Pick the [silver spoon / black knife] onto the towel.	Pick the banana and place it onto the towel.
