

Operate-Tabletop Three-way verb-and-target discrimination

1. Touch the bell with raised round top with the left arm

Ring bell

2. Push on the rectangular stapler with curved corners

Press stapler

3. Collect the light brown coffee box

Pick target object

Operate-Stapler Verb discrimination with shared scene elements

1. Use the right arm to shift the blue stapler for holding papers to the cyan pad

Move stapler onto pad

2. Apply pressure to the plastic stapler with the right arm

Press stapler in place

RoboTwin-IF: Instruction following requires choosing the correct action among multiple plausible alternatives in the same scene.

We evaluate language grounding through target-object grounding, verb discrimination, and action selection under shared visual contexts.
